Queensland Government Announces Whole of Government Partnership with WiT

**Queensland
Government**

Minister Ian Walker and Director General Sue Rickerby announced at their recent PiT Meeting their commitment to women in technology fields by partnership with WiT and a whole of Government Membership with WiT.

This is the culmination of a huge amount of work and effort on the part of the Women in Technology Board and sends a very important message on the priority the Queensland Government is placing on supporting women technology.

As part of the partnership agreement, Government will be a major

17th Annual WiT Awards

Preparations are well underway for an amazingly spectacular 17th Annual WiT Awards. Come help us celebrate women in technology and "reach for the clouds". Book [here](#).

Shortlisting is now complete and we have been overwhelmed by the large number of nominations & applications received. We are again blown away by the diverse talent of our women in technology.

Look out for our announcement of finalists coming in the next few weeks.

Promoting Queensland Science

During NSWk DSITIA will be launching a series of short videos promoting Queensland science. These will be published through various websites and social media channels (NSWk, Qld Science, Arts Qld, DAFF's channels) and will continue to roll out post-NSWk.

If you have short videos (preferably less than 3 minutes in length) that you would like to form part of this package, please email them to heidi.jones@chiefscientist.qld.gov.au.
